Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure as set forth in 37 C.F.R. § 1.56, the accompanying information is being submitted in accordance with 37 C.F.R. §§ 1.97 and 1.98.

Pursuant to 37 C.F.R. § 1.98, a copy of each of the documents cited is enclosed.

The documents are being submitted within three (3) months of the filing or entry of the national stage of this application or before the first Office Action on the merits, whichever is later. Because these documents are being filed within the time period set forth in 37 C.F.R. § 1.97(b), no fee or statement is required.

This Information Disclosure Statement lists documents that are not in the English language. A concise explanation of the relevance of these documents follows:

1) DE 100 48 665 discloses forgery-proof labels produced by applying a layer of lacquer onto a printed support film and hardening the lacquer. The support film is produced by extrusion. A marking section is applied to the lacquer layer and covered by a further lacquer film. The marking section is adapted to be read through use of x-rays.

2) DE 36 36 962 discloses a process for printing rubber parts made from silicon rubber. Immediately after an addition-crosslinking operation, rubber parts comprising silicon rubber are kept at the cross-linking temperature and printed with a coating of ink using an ink paste comprising LSR (liquid-silicon-rubber). The ink coating bonds intimately to the base

material of the rubber parts and has abrasion resistance and chemical resistance. The printing is carried out in a heated mold.

3) DE 29 54 467 discloses a cold-drawn multilayer oriented film and a process for producing the film. The document discloses a composite material in the form of a multilayered hose foil, and the use of rubber and elastomers in composite materials.

4) EP 0 883 022 B1 provides an English-language explanation of the relevance of DE 698 00 251 T2.

5) EP 0 519 251 B1 provides an English-language explanation of the relevance of DE 692 21 217 T2.

6) EP 0 994 383 B1 provides an English-language explanation of the relevance of DE 699 00 772 T2.

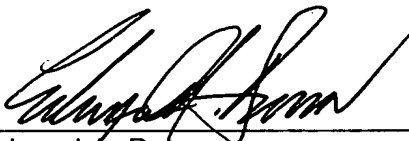

To assist the Examiner, the documents are listed on the attached form PTO-1449. It is respectfully requested that an Examiner initialed copy of this form be returned to the undersigned.

Respectfully submitted,

BURNS, DOANE, SWECKER & MATHIS, L.L.P.
